

# INTENSIVE 2-DAY 3D PRINTING WORKSHOP

Take **3D Printing**  
to the **Next Level**

## October 26th & 27th

## TOPICS

**Airwolf 3D** is now offering another installment of **3D printing** classes in **Orange County, CA**. The targeted audience for these trainings are IT maintenance staff at school districts, **Airwolf 3D resellers**, and educators wanting in-depth working knowledge of an **Airwolf 3D printer**.

The **workshop** covers introductory **3D design, 3D printing techniques, materials, repairs, maintenance and troubleshooting**. By training in a manufacturing facility, you will have access to learning tools available on-site, such as **sample parts, tools, printers, and expert personnel**. The **workshop** even includes a tour of the production process to give attendees a rare behind-the-scenes look at what goes into creating an Airwolf 3D printer.

**Airwolf 3D** will provide each student with access to his/her own **3D printer** throughout the duration. Lunch will be provided, so bring your laptops, appetites, curiosity, and eagerness to learn. Seating for this **two-day** seminar is **limited**, so act quickly to reserve **your seat!**

**Day 1:** Tinkercad, APEX, operating the printer, and tips and tricks for successful prints.

**Day 2:** Maintenance, Troubleshooting, and Certification Exam.

**Maintenance** covers hands-on lubrication, brush replacement, and an intimate look at electronics and wear items.

**Troubleshooting** includes hands-on simulated repair of a jammed hot end, actual nozzle replacement, improving print jobs, close review of user error, example parts, and more.

### Certificate of Completion

Attendees must take a final exam that tests their **knowledge** of concepts covered in the **workshop**. We will grade and provide scores onsite. Attendees will receive **certificates** of program completion.

## LOCATION AND ACCOMMODATIONS

**Airwolf 3D Headquarters, 11208 Young River Avenue, Fountain Valley, CA 92708**

**Airwolf 3D** is 7 miles from **John Wayne Airport**. (Hint: **Disneyland** is in Anaheim if you want to make a family weekend trip out of it).

To reserve your seat, please contact us at **949.478.2993** or **info@airwolf3d.com** with your preferred **3D printer model**. Please note that the majority of training will involve **HD/AXIOM/EVO series machines**. However, we will do our best to accommodate your specific model needs.

**Cost:**  
**\$495**
